Overview

The Catholic Community Foundation of Minnesota (CCF) occupies a distinctive place at the intersection of faith and philanthropy. Guided by Catholic social teaching, CCF brings together donors, parishes, schools, and ministries to support financially the spiritual, educational, and social needs of our Catholic community.

Founded in 1992, CCF is a 501(c)(3) financial organization that stewards the financial gifts of individuals, families, parishes, and institutions. Through easy, convenient, and tax-efficient charitable funds, we help donors support the causes they care about, now and for generations to come.

CCF invests the funds in alignment with our Catholic faith. Then, we put those resources to work through grants and other charitable distributions. Most grants are donor-directed, recommended by individuals, families, or organizations through their donor advised funds, designated funds, and endowments. CCF also awards discretionary grants from both restricted and unrestricted funds entrusted to our stewardship.

We serve a wide range of nonprofit organizations, both Catholic and non-Catholic, whose work strengthens our communities. Every grant recipient is carefully reviewed for financial integrity, accountability, and consistency with Catholic social teaching.

Through the faith-filled generosity of our donors, CCF connects resources to real needs — supporting the mission of the Church and serving our neighbors.
